JCR Vacation Residence Grant—Application Form

During 2015, the JCR ran a surplus of £11,039. We have decided to spend this money in a way which all JCR members can access. College have agreed that from next year increased levels of vacation study grant will be available to all undergraduates. For this year, however, we wanted to give finalists a chance to benefit before they left.

All JCR members, no matter what year they are in, can claim up to 5 nights of vacation residence from the JCR. This will be paid at the value of £11.15 per night (the £22.36 nightly charge minus the £11.21 which the college provides in terms of vacation study grant).

The grant will not be paid if someone else has paid for your Vacation Residence—for instance if you stayed to work on the Telethon.

If the total value of claims is over £11,039, we will allocate the money proportionately. For instance if the total value of claims is double the overall budget, we will pay each claimant half the amount that they are claiming.

This Grant is subject to a conscience clause whereby all claimants accept that the money they claim will make a positive and noticeable difference to their financial situation. JCR members should not claim if the value of the Grant does not represent a significant amount of money to them.

To claim, please fill in the form below and confirm that you were in residence on the dates stated. Then, pigeon the form to the JCR pigeon hole in the Porters Lodge no later than Saturday of 4th Week (21st May 2016).
